### File Downloads

This page will have a list of reports that you can download into Microsoft Excel or any other spreadsheet program. We will continue to add reports to this page so please submit any suggestions on the [Website News](#) Page.

### Excel Downloads

#### [Sales History \(See Example\)](#)

This report will show your item history based on the date range you specify. You can also download this report into Excel by clicking the "Excel Download" button on that page. This report is updated every day at 12:00am CST.

#### [Inventory \(See Example\)](#)

This report will let you download the inventory levels for every item at a particular LagasseSweet location. Along with the inventory levels, this report will also include information such as description, weight, cube, quantity on order and expected date, UPC code, pallet quantities and Sweet Paper item number. It is a great report to email to your Sales Team that they can use out on the road. This report is updated every hour.

#### [Customized Price Report \(See Example\)](#)

This report will let you download your deviated price and list price for every item at a particular LagasseSweet location. It also has information such as whether this item is on promotion and your purchasing history for this year and last year. It is a great way to communicate with your employees as to what your current price is. This report is updated every day at 12:00am CST.
